Consultation: Emissions reduction target and emissions budgets

About this form

Between 8 April and 31 May 2024, the Climate Change Commission is consulting on three pieces of advice we are currently developing, all related to Aotearoa New Zealand's emissions reduction targets and emissions budgets. These are:

- Advice on the fourth emissions budget period (2036–2040), and whether emissions budgets one, two and three should be revised¹
- Review of Aotearoa New Zealand's 2050 emissions reduction target²
- Review on whether emissions from international aviation and shipping should be included in the 2050 target³

Wherever possible, we ask that you send us submissions by uploading them to our online submission platform, <<https://haveyoursay.climatecommission.govt.nz>>. We do this so we can collect a record of your contact details and your consent, and to provide you with important privacy information.

If you are unable to do this and would prefer to send your submission to us by email or post, please:

- Read, complete and save (or print) this form.
- Send us your completed form as a separate document along with your submission, by email to <haveyoursay@climatecommission.govt.nz>, or by post to:

1. Privacy statement

This statement describes how the Climate Change Commission ('the Commission', 'we', 'us' or 'our') may use and disclose the information you share with us as part of this consultation. By completing this form and providing us with your submission, you consent to the Climate Change Commission using your information in the ways we have described.

We will use the information you provide in **this form** to:

- conduct this consultation;
- contact you about your submission if needed; and
- provide you with updates about our work (if you choose to receive these); and
- inform our responses to legal requests about your submission.

We will use information you provide in **your submission** to:

- conduct this consultation;
- inform our work as we prepare our advice to Government; and
- add to the evidence base the wider Commission considers.

Being open about our evidence and insights is important to us. This means there are several ways that we may release the responses we receive through this consultation, including:

- **Publishing all, part, or a summary of your response.**
This may include publishing on our website <<https://climatecommission.govt.nz>>, our engagement platform <<https://haveyoursay.climatecommission.govt.nz>>, or as part of our final advice. In this form we will ask your permission to do this, and whether there are any parts of your submission that you do not wish to be published (including your name and/or your organisation's name).
- **Releasing information when required to do so by law** (including under the Official Information Act 1982).
The Official Information Act specifies [valid reasons for withholding official information](#). These include to protect the privacy of natural persons. In this form we will ask you if there are any reasons to withhold part(s) of your submission that you think we should consider when preparing Official Information Act responses. However, please note that this does not guarantee your submission will be withheld.

Information you provide to us in your submission and in this form will be uploaded to our consultation platform (Citizen Space) for analysis and management purposes, and will be saved in the Commission's records management system (SharePoint). These platforms are managed by the Climate Change Commission using technology provided by external vendors. These vendors will not access your personal information unless requested to do so by the Climate Change Commission, and only for the purposes of assisting us with the administration of these platforms.

You have the right to ask for a copy of any personal information we hold about you, and to ask for it to be corrected if you think it is wrong. If you'd like to ask for a copy of your information, or to have it corrected, please contact us at haveyoursay@climatecommission.govt.nz.
